

## Eligibility

Westlands is intended for people who need some support to live independently.

Your main support comes from a dedicated Independent Living Coordinator and the HomeLife Support Officer. Should you need additional care or support, this can be bought in, so that you have the flexibility to enable you to live in your own home for as long as possible.

The Independent Living Coordinator will be able to help you apply and assess your needs and advise on other services that you can access.

Owner occupiers are also eligible to apply for the scheme. Contact us on the number below for more information.

## Facilities

The scheme has its own community room and office for staff and private consultations.

There are many activities, events, lunch clubs and functions provided that you can choose from of which your Independent Living Coordinator will keep you informed.

## Westlands, Wem

**Our new properties at Westlands in Wem are due for completion in late Spring 2018**

The scheme consists of:

- 11 one bedroom apartments
- 9 two bedroom apartments
- 11 two bedroom bungalows
- 1 two bed wheelchair user bungalow

The scheme is designed to help people live independently in their homes for longer. All the properties are designed around a beautiful courtyard area which contains a community room for weekly activities, a boules court, and raised flower beds.

Each home will be wheelchair accessible, with a lift to first floor flats, scooter charging points and have a personal alarm/pendant for your added security.

The scheme allows for one hour of dedicated support every week for the residents to assist with every day activities such as light cleaning duties, help with correspondence, help with going shopping or attending appointments, or reducing loneliness.
