These signs are provided for benches in areas people sit often for reflection.

The lady who runs the end of life unit at the RSH say they have 20 of them they raised funds for.:

**A resident of Shropshire completed the Edinburgh marathon and raised money for the above plaques, the plaques are for benches to allow people, when they pass or sit on them to scan the QR Code for bereavement support and signposting, they are placed on many benches at the hospital (SaTH) and we would like to do the same in Shropshire Towns, we have been able to purchase 20 so wondering if you could help us to gain permission to place some throughout Shropshire.**

If you can use one on a bench in your town can you let me know,

Just let me know as soon as possible and I will put you in touch with the organiser

#### **Decision needed**

**Whether to request a sign that can be fixed to one of the benches in Love Lane Cemetery**
