Subject: RE: Barnard Street TRO

Penny,

I am responding on behalf of Phill, who unfortunately is still not back at work.

This is on our 'priority list', but unfortunately due to other many other higher priority needs and our limited budget has not been included in our 2024/25 programme of work. Our budgets are currently largely focussed on accident history sites, with this location not having an accident history.

I suggest that this site be possibly considered under the 'Place Plan' process, which considers and utilises other funding opportunities.

Happy to have call and discuss further.

Regards
