

Hello Penny,

I am looking to set up a police panel. This is something we already run in Market Drayton and is something I want to extend to Whitchurch and Wem towns.

The police panel would meet up to 4 times a year and usually consist of 2 to 3 members who have interest in policing and working with police to address local community concerns. It is also an opportunity for police managers to update the panel on the activity we have undertaken and give a strategic overview of the direction of the division.

Kind Regards,

Liam
