

Wem Town Council Business Continuity Plan (Bcp)

Last reviewed 11.10.22

Scope

The Civil Contingencies Act 2004 places a duty on the local authority to ensure that it is prepared, as far as reasonably practical, to continue to provide critical functions in the event of a disruption.

This Plan provides a framework for the Council to mobilise its response and undertake work to prevent or mitigate the severity of potential disruptions. This plan identifies the first reactions, recovery objectives, structure for implementation, monitoring, follow-up procedures and communication process to keep everyone informed of necessary changes to service delivery.

Business Continuity Planning is a proactive process which identifies the key functions of an organisation, the likely risks to those functions and the potential impact of those risks upon the service. From this information can be developed plans and procedures which ensure continuity of key functions.

Core Business of the Council

The Council provides services to Wem which include provision of:

- Website and noticeboards
- Street lights
- Maintenance and safety checking of public open spaces, play areas and recreation ground
- Ground Maintenance, including tree safety, for Town Council land
- Provision of public toilets in Wem
- Maintenance and provision of Love Lane allotments and cemetery
- Floral display
- Bus shelters
- CCTV
- **Outdoor Market**

Incidents which could invoke the Continuity Plan (this list is not exhaustive and is for a guide only)

National disasters/Weather related problems

- Fire
- Flood
- Health Crisis e.g. Covid-19

Failures

- Service failure

Losses

- Clerk through resignation
- Clerk through death
- Clerk through long-term injury/sickness
- Clerk through death or serious injury whilst working for the Council

The Clerk is the first point of contact for all emergencies and business continuity actions. The Clerk is to implement all business continuity actions except for the “Clerk not available” actions.

If the Clerk is not available and urgent action is required the Mayor, Deputy Mayor or a Member(s) of the Town Council nominated by the Mayor, shall implement all business continuity actions.

The Business Continuity Plan identifies the critical service areas and details actions to be taken to continue or recover delivery of the service within the following identified timescales - 24 hours, 7 days, 1 month, 3 months.

Each member of staff has a list of contact details of members and of staff. On discovering or being advised of a disaster which might affect business continuity or major civil emergency the staff member will contact the Town Clerk or Mayor.

Sufficient provision should be made in budget allocations to cover costs of implementing actions identified in the plan

Major Civil Emergency

Shropshire Council as principal council is a category one responder under the Civil Contingencies Act 2004. and will typically lead the recovery from any emergency in the area They have adopted a Major Emergency Plan which sets out how it will in conjunction with other agencies, including emergency services respond to major and other serious civil incidents.

The Wem Area Emergency Plan will provide local guidance to all agencies including Town Council staff in the event of a major civil emergency a copy of this is found in the Town Council office filing cabinet filed in the evacuation plan file.

Review of plan

The business continuity plan to be reviewed on an annual basis by the Finance and Corporate Governance Committee:

The Clerk to check that all the contact details are current and correct

Town Council Finance and Corporate Governance Committee to consider whether the critical activities, key risks and contingency plan actions are comprehensive and sufficient

An updated Business Continuity Plan to be given to every new member
