Subject: FW: Account 18826EL - Green Energy Query

Hi, We are just in the process of writing to customers regards the opportunity to switch to 100% renewable electricity from 1st April 2021.

We've managed to secure a competitive rate for green electricity and we're able to provide this for you at a cost of **0.053** p/kWh for 21/22. This equates to approximately **£2.29** on top of your annual electricity budgets. Our REGO backed green electricity is generated from Solar, Wind and Hydro/Wave technology.

Once you have opted in, we will continue to procure green electricity for your sites unless otherwise advised.

Given the minimal cost, please advise if you **DO NOT** wish to opt in to this arrangement.

RE MPAN 1300012846163 AQ 4330 PUBLIC TOILETS, HIGH STREET CAR PARK

Kind regards

Julie Wassall

Manager
