Subject: WEF Traffic Working Group - Precept Request

Hello Penny,

At the Group's meeting yesterday it was agreed that the 'Drawwell Lane' traffic project was the next to be pursued – see attached.

Dave Gradwell has advised the required signage, marking and a temporary Traffic Order in order to implement this change would cost £2,600.

The Group has asked that this cost is included in the Town Council's Budget/Precept discussions for 2019/20.

Kind regards
Carole

Clerk's Note – Following a discussion with David Gradwell what is being proposed is not a temporary traffic order but an experimental order. The cost of £2600 is the cost of conducting an experiment to see if the scheme should progress to a full traffic order and be permanent. If a permanent order is required this will be in the region of £8000 as it will involve legal orders / signage etc
