### **Vending**

**As a temporary measure, I have purchased (eco) disposable cups and coffee sachets for sale, as we are still getting requests for hot drinks, these will hopefully keep customers happy until, a more permanent vending arrangement is in place.**

## **Competition**

**I have heard a rumour that Alderford lake (formally Dearnford) has put in for planning permission to build a hotel with an indoor swimming pool and leisure facilities. Not sure how true this is, but if so it would mean more local competition.**

**Any Questions please ask**

**Kind regards**
