7 **Proposed Budget 2017**

Chris Mellings presented the proposed budget that had been agreed by the committee in November. It was reported that the staff budget has had to be increased due to the need for a duty manager to cover for managers during periods of annual leave. In addition to this the increased budget will give more flexibility for staffing during busy periods especially at the beginning of term when swimming lessons need paying for.

RESOLVED;- to note the report.

8 **To discuss the possibility of WS&LC Ltd obtaining a loan from Wem Town Council to support the new extension project.**

Mr Mellings requested that in order to progress the new gym extension quicker it had been suggested that the Town Council could be asked to grant a loan to WSLC from the Bulmer Cottage Fund. A discussion took place on this item and concerns were raised over future problems that could develop if WSLC were to own part of the building with the Town Council owning the bulk of the building. It was suggested that a better way would be for the Town Council to undertake the extension subject with a contribution from the Town Council and the bulk of funds being raised by WSLC through grants and fundraising therefore maintaining ownership of the entire building with the Town Council.

RESOLVED:- to recommend that the Town Council consider the following course of action in relation to building of the extension.

- Subject to sufficient funds being raised by WSLC and transferred to the Town Council. The Town Council will undertake the procurement and project management process for the new extension in line with the Town Council's financial regulations.
- That the Town Council will contribute £40,000 from the Bulmer Cottage Fund towards the funding of the new extension.
- That £5000 is held back from future annual contributions from the Town Council to WSLC over a 10 year period in order to return the reserves used for the extension to the Bulmer Cottage Fund.
