A MESSAGE FROM WEM TOWN COUNCIL

Covid-19 Response

Since our first 'Public Notice' leaflet Wem Town Council has continued to actively monitor all that has been happening with regard to the Covid-19 Epidemic and how this impacts locally. Our NHS is under increasing pressure, so we have reviewed and are now updating our advice to you. It is particularly important that it reaches those who have no computer/email facility and is why we are using the Royal Mail to distribute the leaflet to reach as many homes as possible.

It has been really encouraging to see our community coming together at this time as we help each other, in our own individual ways, to pull through this time when anxiety, uncertainty and loneliness are the experience of so many.

Do continue to think about the variety of needs of all age groups amongst your neighbours - the young, those with families as well as the elderly and vulnerable. Most of us have had no experience of a national emergency like this until now, and it is taking some time to come to terms with our new social responsibilities to and for each other. Please continue to check on your neighbours in a safe way, find out their phone/contact detail(s) for easier communication, and make sure they have food, essential items and whether they need help in some way. **THANK YOU.**
